About the course

Canon Medical Systems is delighted to invite you to a unique study day. This event is designed for Sonographers, Consultants and Registrars, and is an opportunity for delegates to consolidate and advance their ultrasound knowledge. Leading experts in their field will share clinical experiences designed to enhance your practice. There will be an opportunity to hear about the latest developments from one of the world's leading medical companies.

Please note this event will take place subject to Government guidance: this may mean that the event is postponed at short notice.
