Places are strictly limited. Please register your interest on the Medical Imaging Academy website.

About the course

Canon Medical Systems is delighted to invite you to a unique study day. The objective of this study day is to deliver an informative and educational programme for ante-natal ultrasound practitioners of all experience. As the world finds its feet again, Canon Medical Systems is proud to offer free and accredited CPD for the professional healthcare worker with an interest in obstetric ultrasound. The programme will cover both clinical case work and a more holistic outlook to the sensitive nature of day-to-day scanning.

Please note this event will take place subject to Government guidance: this may mean that the event is postponed at short notice.

Registration, Enquiries and Booking

If you would like to reserve a place on this course, please register your details on the Medical Imaging Academy website:
