About the course

The objective of this study day is to deliver an informative and educational programme for Radiology ultrasound practitioners of all experiences. As the world finds its feet again, Canon Medical Systems is proud to offer free and accredited CPD for the professional healthcare worker with an interest in General Medical ultrasound. The programme will cover both clinical case work and a more holistic outlook to the sensitive nature of day-to-day scanning.

Please note this event will take place subject to Government guidance: this may mean that the event is postponed at short notice.
