About the course

Canon Medical Systems invites you to an MSK & Vascular Ultrasound Study Day. This event promises an immersive and enlightening experience for imaging professionals who carry out MSK and Vascular Ultrasound scans. Delegates will have the exclusive opportunity to engage with experts who will share their knowledge, expertise, and insights on the latest advancements in Ultrasound imaging technologies. A programme of engaging lectures and live demonstrations will provide delegates with the opportunity to gain invaluable practical skills and stay up-to-date with cutting-edge techniques, while collaborating and networking with fellow professionals.
