About the course

Join us for a stimulating and informative event exploring the latest trends and significant developments in Obstetric ultrasound. Experts in their field will share their knowledge and experience on a range of current topics such as foetal cardiology, prenatal diagnosis and screening. This event promises to be a unique opportunity to interact with leading specialists, exchange ideas and learn about the latest technological advancements. Don't miss out on this invaluable chance to expand your knowledge and network with colleagues in the Obstetric ultrasound community.
